

# Courtesy Pay Opt-In

An overdraft occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway.

We can cover your overdrafts in two different ways:

1. We have standard overdraft practices that come with your account.
2. We also offer overdraft protection plans, such as a link to a savings account, which may be less expensive than our standard overdraft practices. To learn more, ask us about these plans.

This notice explains our standard overdraft practices.

## What are the standard overdraft practices that come with my account?

We **do** authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number
- Automatic bill payments

We **do not** authorize and pay overdrafts for the following types of transactions unless you ask us to (see below):

- ATM transactions
- Everyday debit card transactions

We pay overdrafts at our discretion, which means we do not guarantee that we will always authorize and pay any type of transaction.

If we **do not** authorize and pay an overdraft, your transaction will be declined.

## What fees will I be charged if New Horizons Credit Union pays my overdraft?

Under our standard overdraft practices:

- We will charge you a fee of up to \$25 each time we pay an overdraft.
- There is no limit on the total fees we can charge you for overdrawing your account.
