**Q. Why did the man put his money in the freezer?**

*A. He wanted cold hard cash!*

## Numismatics

Numismatics is another word for *coin collecting*. Do you have a coin collection? Have you ever wondered how to start a coin collection? You can start a collection with only \$4 worth of nickels. You can get two \$2 rolls of nickels from convenience stores or any store that gives out a lot of change. Sort the nickels by year. If you have more than one nickel for a particular year, pick out the best looking one to be a part of your collection. You can display your nickels on a piece of cardboard, using tape, in year order - start with the oldest nickel. Leave spaces for the years you are missing. You now have a coin collection! Keep looking through your spare change and buying rolls of nickels every now and then to add to your collection.

**Q. Where do snowmen keep their money?**

*A. In snow banks.*
